

Menampilkan Foto Dalam Vb.Net

1. Buat project baru dan buat form dengan tampilan sebagai berikut:

- a. Button
- b. PictureBox
- c. OpenFileDialog

2. tulis coding di bawah ini:

```
Public Class panggilgambar
    Private Sub Button1_Click(ByVal sender As System.Object,
ByVal e As System.EventArgs) Handles Button1.Click
        On Error Resume Next
        OpenFileDialog1.Filter = "(*.jpg)|*.jpg|(*.bmp)|*.bmp|All
files (*.*)|*.*"
        OpenFileDialog1.ShowDialog()
        PictureBox1.Load(OpenFileDialog1.FileName)
        PictureBox1.SizeMode = PictureBoxSizeMode.Zoom
    End Sub
End Class
```
